

Sampath eswar Tunuguntla

Computer Science Student

Motivated and detail-oriented Engineering student with a strong foundation in C, C++, Java, and Data Structures & Algorithms (DSA). Passionate about software development and problem-solving, with hands-on experience in developing projects such as System Inventory Management and an AI-based ICS Security Platform. Experienced in Android and Python-based hackathon projects, with a growing interest in web development technologies including HTML, CSS, and JavaScript. Skilled in creating clear, visually engaging technical presentations and collaborating effectively in team-based environments. Eager to contribute technical knowledge and creativity to innovative software solutions.
